Ref: No.4-87/NBC- Vol-34-/20/

Date: 27-9-2020

Office Order

Subject : Direct communication with DRAP for approvals and follow up on approved Clinical trials

Consequent upon requests from DRAP and approval of Chairperson NBC; it is hereby directed that NBC Coordinator or the representative dealing with processing of applications for approval of clinical trials shall keep DRAP Pharmacy Services Division in their communication loop for first hand and valid information.

It is further directed that any information regarding the approved clinical trials may also be shared as and when required by DRAP through official communications and upon the meeting of Clinical subcommittee to enhance direct collaboration between the two institutions concerned with clinical trials in the country.
